## March Movement

PIANO

1. Our boys are o - ver there, — And they mean to do their share — To put a stop to Kai-ser Wil-li-ams  
2. The Kai-ser said I know — All these Yan-kees are so slow — We'll win the war be- fore they can pre-

game. — They will show the Ger-man Huns — That we've got the men and guns — And  
pare — And — then will come the day — When A - mer - i - ca shall pay — I'll

mean to get the one who is to blame — And we who can-not go — To  
make her when my Huns get o - ver there — But now he knows he's wrong — For our

all the world will show — Our hearts are with them while they are a - way — We'll help with all our  
boys have gone a - long — And soon he will be go - ing on his way — For we know that win we

might — In the struggle for the right — And we'll make the Kai-ser rue he saw "The Day"  
must — Be - cause our cause is just — He'll be sor - ry that he lived to see "The Day?"
